Admonter FLOORs on underfloor heating systems
Admonter FLOORs are ideally suited for underfloor heating systems. We suggest that our products ideally are fully glued down for best results with Admonter elastic adhesive. However, like all engineered boards our planks can be laid as a floating installation (except 2-layer floors, they have to be fully glued down). We recommend hot-water underfloor heating systems set at low temperature. Please find detailed information in the information sheet Admonter FLOORs on underfloor heating systems!

Admonter room concepts
Our floors, walls, ceilings, stairs, doors or even acoustic solutions are perfectly harmonised to turn your ideas into reality and give every room a very special atmosphere.

Regular care and maintenance
Please see the Admonter maintenance & installation instructions or visit admonter.com/de/downloads/

Please note: Pro-Care (PC) natural oiled pro care floors require a post-installation oil before they can be used.

Grading	Thickness (mm)	Construction	Width (mm)	Format	Length (mm)	Texture	Finish	Profile
rustic	15	3-layer	**192**	classic	1850	brushed	pc	Tongue & groove
			192	classic	2000	brushed	pc	Tongue & groove
			192	classic	2400	brushed	pc	Tongue & groove
			240	classic	2000	brushed	pc	Tongue & groove
			240	classic	2400	brushed	pc	Tongue & groove

pc: nature oiled pro care

Technical information
More information (for example concerning fire classification) in the accompanying information to CE-marking at http://www.admonter.eu/de/downloads/

Type of wood	Thickness (mm)	Weight [kg/m²]	Moisture content [%]	Lambda [W/m K]	D-Value R [m² K/W]	Hardness [N/mm²]	Fire classification
reclaimed wood spruce	15	7	8+/-2	0,12	0,125	12	F_{fl}*

*Full surface glueing & Factory finish C_{fl}-s1

Admonter flooring is a 100 % natural product. A picture never replaces the reallity. For this reason we recommend a visit to your nearest Admonter flooring dealer. He will be pleased to show you samples.

No barefoot flooring

Feature wooden floors	Benefit
Choice of countless wood species, in particular reclaimed wood	Wide range of options for customized products, precisely tailored to customer benefits / requirements -> for every customer or area of application.
Different structure possibilities and colour shades	
Individual colours (Easy-Color)	The right surface for every customer or area of application / living situation
Different surfaces (natural oiled easy-care, natural-oiled pro-care, matt lacquered) – advantages EC	
Different construction variants, thicknesses and profiles / installation systems	The right product for every application / purpose
Different formats (SMALL, CLASSIC, LONG, XXLong)	The right product for every room size and situation
Different widths that can be laid together	Great appearence of the floor in large rooms
Admonter solid wood construction for 3-layer floors (top layer, perpendicular middle layer, backside as a counter layer with solid wood construction) For wood type oak 240mm width = hardwood reverse side	Rigid against torsion -> the floor lies flatter and the positon of joints is reduced, even with wide plank flooring
